## **DETAILED ACTION**

### ***Reasons for Allowance***

Applicants' remarks submitted June 28, 2004 have been fully considered, and are found persuasive to overcome the rejections set forth in the prior office action. Particularly, with respect to the double patenting rejection, the obvious double patenting rejections based on inherency is improper for reasons discussed in the remarks. As to the obvious rejections, applicants' assertion of the priority date for instant invention is persuasive. Particularly, application 09/205281 has fairly disclosed the claimed invention herein.
